

Dear fellow scouts!

We are especially happy to invite you as a friendshipgroup of one of the scout groups in Ole Rømer District.

What you have here is nothing less than the first letter of information about the District Camp 2020 in Ole Rømer District, Denmark.

Next summer it is 5 years ago we held our last District Camp and next year we will get together again and make another fantastic camp at 18th - 25th July 2020 (Week 30). Right in this moment we are working very hard to make the camp all through amazing!

Back in 2015 all the scout groups of our district got together and that has strengthened our fellowship across and between the scout groups. Next year we will try to make that happen again and furthermore we wish to bridge country borders as well.

There is nothing like the feeling when you sit around a campfire and exchange stories about your scouting experiences. We love to learn new ways of doing scouting and we hope you will help us in doing that. Also according to our theme about the Globale Goals of the United Nations (more about that later) it makes very good sense to strengthened our international partnerships and in that way assist in creating a better world.

Together we are convinced that we can make an unforgettable camp and if we can lit the same spark in you, as are already burning in us, we are already halfway there!

It is always more fun to have many scouts together and therefor we need your help to spread the knowledge and enthusiasm about this camp in your own group. Noboby knows your scout group better than yourself and it is our hope that you as leader will spread the word and create desire to participite in the camp. Everybody is welcome at the camp - both small children and adult scouts.

On behalf of the Camp Staff,

Jesper Dahl
Head of the District Camp

WHO WE ARE

The core of the camp staff is:

Jesper Dahl: On daily basis Group Leader in the scout group 'Strandboerne'.

Anine Nikolajsen: On daily basis Group Leader in the scout group 'Taastrup Gruppe'.

Kim Jensen: On daily basis scout leader in the scout group 'Taastrup Gruppe'.

Besides that we have a lot of super competent people from all over the district to help planning the camp.

VISION OF THE CAMP

During the camp, it is our vision that you will get fun og challenging experinces across scout groups and country borders and that you leave the camp with new knowledge about the 17 Sustainable Development Goals of the United Nations.

NAME AND LOGO

We have chosen 'VI RYKKER VERDEN' (meaning: 'We move the world') as the name of the camp and from that we will try to create a lot of interesting activities setting of in the 17 Sustainable Development Goals of the United Nations. We think it is a very interesting topic that affect many during these times further more it holds many opportunities for activities. The logo of the camp, which will also be the camp badge, you will find at the bottom of the page.

THEME OF THE CAMP

The theme of the camp is the 17 Sustainable Development Goals of the United Nations and these goals are intended to create a better world for both people and the very planet that we inhabit. We think it is a very important message that moreover iagrees very well with what scouts stand for.

During the camp you will find the 17 global goals in many aspects. It is amongst others the activities, the division and design of the camp sites, food, garbage sorting, the use of fossil fuels and many other things. It is our goals that everybody, big as well as small, will leave the camp with a clear certainty what the Globale Goals is all about and at the same time with a knowledge about what each of us can do to move the world.

You can work with the Globale Goals in many ways since they include everything from putting an end to poverty and hunger in the world, ensuring good education and better health for all, and to promoting peace and security, and strengthening international partnerships. We have therefor found a lot of competent people to help us incorporate the globale goals i a bunch of fun and educational activites for both children and adults.

Since United Nations' Globale Goals became effective on the 1st January 2016, we have already come a long way with the goals. In recent years, however, their importance has increasingly come to the agenda of various organizations in recognizing that they are still not fully reached and that everyone can have something to contribute with. Everybody have the right to a decent life and today we have the necessary knowledge, tecnology and resources to make it possible.

We have a wish from the staff of the camp that you include the 17 Global Goals into your participation in camp and into your preparation for the camp. It could for exampel be sustainable energy during the camp with solar cells or wind turbines to charging your phones etc. It could also be a smarter way to heat water over a bonfire or other innovative ways to cook, so you save firewood. Only the imagination sets the boundaries, so let your thoughts run free with ideas and it will be rewarded.

You can read more about the Globale Goals here: <https://www.un.org/sustainabledevelopment>

COMMUNICATION

We recommend you to ask questions about the camp through your friendship group. In that way we make sure that everybody gets the information at the same time.

If you have urgent questions you can write to **distriktslejr2020@gmail.com** and we will try to answer your questions as quick as possible.

SOCIAL MEDIA

We have made a facebookpage and an Instagram for everybody with an interest in the camp - children and adults.

You will find our facebookpage by searching for "Vi Rykker Verden 2020", and our Instagram you search for vi.rykker.verden.2020

You can also scan the QR-codes and it will lead you to the social media. The facebookpage is made with the purpose to have an online Camp Forum before, during, and after the camp. Therefor it is our hope that you will 'like' our facebookpage and encourage your fellow scouts to do the same. There will both before and during the camp be posted news bout the camp, competitions and more. We hope that you will help us 'hype' these towards the camp - the more that participate, the more fun! The competitions will only be available on Facebook so please spread the words to those who are not on Facebook.

We want to emphasize that the social media is not only a forum for adult scouts. The profiles can been seen be everyone and are therefor not the right places to share praise and criticism. After the camp we will make an online evaluation form for this or otherwise you are always welcome to contact the Camp Direction.

Hashtag pictures **#virykkerverden2020** and let us create and online photo album to show each other how we prepare for the camp. Please encourage your scouts to use the hashtag, but of course with care.

SUSTAINABILITY

We think that sustainability is super awesome!

Therefor we will try as far as possible to buy organic, so we maintain an environmentally friendly plan for the meals. We wish to affect the environment as least as possible by our stay at the camp and leave the campsite a little cleaner than we recived it. Because of that we have established garbage sorting. Every unit in the scout groups please think about a environmentally friendly (and gladly creative) way of sorting your garbage. Any types of constructions that can help us save CO₂, will be viewed as a welcomed initiative, and may in some cases give the individual group/unit certain benefits during the camp.

REGISTRATION

For the sake of planning the camp we need a pre-registration no later than December 2nd 2019, with an estimation of how many participants you plan to be.

Please send this to the group leader of your friendship group in Denmark and they will send it to the camp direction.

The estimate of expected participants will be considered a pre-registration, but without being binding. The Final registration will be open some time after the pre-registration and more information about it will come in the next letter of information, latest by the exit of October 2019. Furthermore, in the next letter of information you will find information about food during the camp, accommodation, laths & firewood, program for the camp, arrival & departure, scouts party for adults, pre- and post-pioneering, surprises about the theme as well as various other.

Scout salutes!
